RII: HOW IT STARTED

If the recordings don't exist, we can't share them. It's time to change the playlist.

All Classical Portland's Recording Inclusivity Initiative, launched in 2021, is amplifying artistic voices that deserve to be heard. Through RII: we are recording, releasing, and promoting classical music by women, composers of color, and others underrepresented in the industry. Together with industry partners, financial supporters, composers and musicians, community members and media outlets, we can lead change. Our journey has just begun. Learn more and get involved at allclassical.org/recordinginclusivity.
